

Adjustable Flat Tension Levers

24441.0060

Product Description

Adjustable flat tension levers are used when the swivel range is limited or a specific lever position is required.

Adjustable flat tension levers are characterised by their low construction height and are particularly suitable for use in restricted spaces or when the lever should not overhang..

Material

Lever

- Zinc die-cast, plastic coated, black, similar to RAL 9005, matt structure

Inner parts

- Steel, blackened

Covering

- Plastic, black

Operation

By lifting the lever the serrations are disengaged. The lever can be positioned by the serrations. On releasing the lever, the serrations are automatically re-engaged.
